## **História Essencial da Filosofia - Volume 1 (Portuguese Edition)** Paulo Ghiraldelli Júnior

De onde surgiu a curiosidade sobre os juízos de valores e o questionamento das interpretações da vida, aceitos pelo senso comum e pela tradição? A Filosofia é uma investigação dos princípios fundamentais da existência e do homem, sob um ponto de vista crítico e racional. E para entender toda a investigação, argumentação, análise e reflexão suscitadas por essa ciência, é necessário compreender a evolução do pensamento filosófico. No entanto, com as filosofias tradicionais corre-se o risco de cair em histórias biográficas “maçantes”, que são galerias de vida, obra e repercussões, e não permitem ao leitor saborear o livro e ter prazer na leitura. Ou ainda naquelas “temáticas”, que, não raro, apresentam os temas de modo disparatado, impedindo que se percebam as conexões que efetivamente foram traçadas ao longo da história.
