Setting the Tone: Essays and a Diary Ned Rorem

A sterling collection of essays, commentary, reviews, and personal recollections on art, love, and the musical life, from Ned Rorem, award-winning composer and author extraordinaire

Ned Rorem, the acclaimed American composer and writer, displays his incisive, sometimes outrageous genius for artistic critique and social commentary with a grand flourish in this engaging collection of essays and diary entries. Fearlessly offering opinions on a wealth of subjects—from the lives of the famous and infamous to popular culture to the state of contemporary art—Rorem proves once again that he is an artist who tells unforgettable stories not only through music, but with a pen, as well.

Setting the Tone gathers together essays and commentary previously published elsewhere and combines them with pages from Rorem's ongoing diary, offering readers a vivid and enlightening view of Rorem's world along with an honest portrait of the author himself. Whether he's lambasting critics and former friends and acquaintances, vivisectioning opera, or presenting his views on theater, film, books, or composers and their music, Rorem is ingenious, incorrigible, and madly entertaining.
