Haunted London

Walter Thornbury

Haunted London Walter Thornbury

This book deals less with the London of the ghost-stories, the scratching impostor in Cock Lane, or the apparition of Parson Ford at the Hummums, than with the London consecrated by manifold traditions—a city every street and alley of which teems with interesting associations, every paving-stone of which marks, as it were, the abiding-place of some ancient legend or biographical story; in short, this London of the present haunted by the memories of the past.

The slow changes of time, the swifter destructions of improvement, and the inevitable necessities of modern civilisation, are rapidly remodelling London.
