The Pro-Choice Movement: Organization and Activism in the Abortion Conflict

Suzanne Staggenborg

The Pro-Choice Movement: Organization and Activism in the Abortion Conflict Suzanne Staggenborg
In this highly-praised analysis of the controversial pro-choice movement, Suzanne Staggenborg traces the development of the movement from its origins through the 1980s. She shows how a small group of activists were able to build on the momentum created by other social movements of the 1960s to win their cause--the legalization of abortion in 1973--and argues that professional leadership and formal organizational structures, together with threats from the anti-abortion movement and grass-roots support, enabled the pro-choice movement to remain an active force even after their primary goal had been achieved.
