Under the Hood: Fire Up and Fine-Tune Your Employee Culture

Stan Slap

Under the Hood: Fire Up and Fine-Tune Your Employee Culture Stan Slap
You can't sell it outside if you can't sell it inside.

You want maximum business performance? Look under the hood and you'll find your employee culture: it is the power that drives the enterprise engine. To harness that rumbling power you've got to solve the mystery of what an employee culture actually is, how it operates and how to move it forward. These are the keys that this book will put right in your hands.

Renowned business culture expert Stan Slap knows the difference between understanding your *employees* and understanding your *employee culture*. The distinction isn't semantics; it's the key to whether your strategies will succeed or fail. This myth-busting book reveals why an employee culture is an independent organism with its own rules, beliefs, and motivations—and the power to make or break any management plan (and any manager right along with it).

Slap shows you how to get whatever you want from your employee culture, whether it's improved accountability, innovation, flexibility, resilience, energy, loyalty, or trust. Along the way he solves mysteries that have puzzled managers since the first Mesopotamian farmer hired some help, including:

Why does an employee culture really resist change?

What does it care about more than money?

Why does it respond to leadership differently than to management?

How does it talk to itself, and what does it mean when it won't talk to you?

Why are company values the most dangerous threat to gaining its trust?

If you have a wonderful employee culture, this book will help you scale it. If you have a troubled employee culture, this book will help you fix it. If you have an employee culture under pressure, this book will help you ease it. If you have a new employee culture, this book will help you shape it. And if you are investing in a company, this book will help you protect your greatest purchasable asset.

Under the Hood is informed by immaculate research, including surveys of more than 15,000 employees from companies the world over. It's packed with original tactics that have driven performance for many organizations and countless managers. And it includes jaw-dropping inside stories of employee cultures from the likes of Samsung, Oracle, Progressive, CNN during wartime, Paul McCartney's band, and the Super Bowl film crew.

It's all delivered in classic Stan Slap style: profound and provocative, heartfelt and often hysterical. This is not simply a management book; it is the business case for humanity. Management advice doesn't get realer or more important than this.

From the Hardcover edition.

From reader reviews:

Shane Ward:

Hey guys, do you want to find a new book you just read? Maybe the book with the concept Under the Hood: Fire Up and Fine-Tune Your Employee Culture suitable to you? Typically the book was written by a renowned writer in this era. Often the book titled Under the Hood: Fire Up and Fine-Tune Your Employee Culture is the main of several books which everyone reads now. That book has inspired many people in the world. When you read this guide you will enter the new dimension that you never knew ahead of. The author explained their idea in a simple way, so all of people can easily understand the core of this e-book. This book will give you a wide range of information about this world now. So you can see the representation of the world on this book.

Nancy Kline:

Precisely why? Because this Under the Hood: Fire Up and Fine-Tune Your Employee Culture is an unordinary book that the inside of the publication is waiting for you to snap the idea but later it will shock you with the secret the item inside. Reading this book next to it was a fantastic author who all write the book in such an awesome way makes the content within easier to understand, an entertaining approach but still conveys the meaning fully. So, it is good for you because of not hesitating having this ever again or you going to regret it. This book will give you a lot of positive aspects than the other book includes such as help improving your proficiency and your critical thinking approach. So, still want to hesitate having that book? If I ended up you I will go to the guide store hurriedly.

Mattie Martin:

In this period of globalization it is important for someone to receive information. The information will make someone understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of referrals to get information, for example: internet, magazine, book, and soon. You can observe that now, a lot of publishers that will print many kinds of books. The particular book that is recommended to you personally is Under the Hood: Fire Up and Fine-Tune Your Employee Culture. This book consists a lot of the information on the condition of this world now. This kind of book was represented how the world has grown up. The dialect styles that the writer uses to explain it is easy to understand. The writer made some study when he made this book. That is why this book is suitable for all of you.

Janice Smith:

This Under the Hood: Fire Up and Fine-Tune Your Employee Culture is a fresh way for you who has attention to look for some information because it relieves your hunger for details. Getting deeper into it getting knowledge more you know or perhaps you who still have a small amount of digest in reading this Under the Hood: Fire Up and Fine-Tune Your Employee Culture can be the light food for you personally because the information inside this book is easy to get by means of anyone. These books create themselves in the form and that

is reachable by anyone, yep I mean in the e-book application form. People who think that in publication form make them feel tired even dizzy this guide is the answer. So there is not any in reading a book especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the item! Just read this e-book type for your better life in addition to knowledge.
