## **Woodworking Projects: A Guide for Beginner Woodworking Basics and Projects S. Fatou**

This book opens you up to the world of woodwork ensuring that you grasp all its basics. It targets everyone whether you are a beginner or have been into the woodwork and need to acquire more skills. It is very efficient because every chapter of it covers specific aspects of woodwork e.g. different woodwork projects, joinery types, types of wood, woodworking tools and machines, safety precautions, measurement and much more. Woodworking is so much interesting and once you are into it there will be no turning back. The first step is always getting a clear picture of all you can bring out and it doesn't require talent because it is all about learnable skills which you can actually acquire with time. With this book, you will be provided with several projects and a step by step process of how they are built from scratch. Woodworking entails a series of processes and once you are familiar with specific projects you can easily adapt to the whole idea of woodwork and relate to other applications and projects. The most interesting part of it all is that you will be able to make something interesting out of wood and if you are ready to give it a try then flow with me through every chapter of this book. It has been made an interesting and easy to read book and am sure you will enjoy every single bit of it.
