Textbook of Veterinary Physiological Chemistry

Larry R. Engelking

Textbook of Veterinary Physiological Chemistry Larry R. Engelking

Bridging the gap between basic and clinical science concepts, the *Textbook of Veterinary Physiological Chemistry, Third Edition* offers broad coverage of biochemical principles for students and practitioners of veterinary medicine. The only recent biochemistry book written specifically for the veterinary field, this text covers cellular-level concepts related to whole-body physiologic processes in a reader-friendly, approachable manner. Each chapter is written in a succinct and concise style that includes an overview summary section, numerous illustrations for best comprehension of the subject matter, targeted learning objectives, and end of the chapter study questions to assess understanding.

With new illustrations and an instructor website with updated PowerPoint images, the *Textbook of Veterinary Physiological Chemistry, Third Edition*, proves useful to students and lecturers from diverse educational backgrounds. Sectional exams and case studies, new to this edition, extend the breadth and depth of learning resources.

- Provides newly developed case studies that demonstrate practical application of concepts
- Presents comprehensive sectional exams for self-assessment
- Delivers instructor website with updated PowerPoint images and lecture slides to enhance teaching and learning
- Employs a succinct communication style in support of quick comprehension
