Beneath a Starlet Sky Amanda Goldberg, Ruthanna Khalighi Hopper

The New York Times bestselling authors of Celebutantes return with a dazzling new novel set among the star-studded crowds of the Cannes Film Festival, where everyone's hoping to discover, sign, screw or become the Next Big Thing. And a three-picture deal would be nice.

Lola Santisi—CEO of a struggling fashion line, reformed Actorholic and daughter of Hollywood Royalty—is now not only bicoastal, she's *Bi-Lolar*: *That is the condition which causes her to swing like a pendulum between the opposing poles of the fashion world in New York and the real world with her Doctor Boyfriend in Los Angeles.* She hardly knows which shoe fits her anymore: the Louboutin stiletto or the Croc. As Lola tries to launch Julian Tennant's new dress line, it looks like they're about to get their next big break: his wedding dresses have been chosen to feature in the top film at the Cannes Film Festival. And suddenly Lola is staging a full-blown couture show on a yacht – in the middle of the Med. Think those super models had trouble walking down the catwalks at Fashion Week? With an unexpected finale twist, this time it's Lola who's tumbling off the runway.

Having recently endured a disastrous break-up with Lola's brother Christopher, Kate Woods, Lola's BFF and CAA's rising star agent, is newly single, and focused 24-7 on her clients. The only thing worse than thinking it was a good idea for Kate to date Lola's brother, is thinking it was a good idea for Kate to put one of her most loose-cannon clients, Nic Knight, in Lola's father's movie. Among Kate's other mega star clients is Saffron Sykes whose appearance on the cover of *Vain* magazine in Julian Tennant could be the difference between Julian Tennant, Inc. weathering the economy or going bust.

As Lola fights to survive the Cannes Film Festival, will she get swept into the French Riviera's riptide of glamour and superficiality? *Are* real love and couture mutually exclusive? Or can Lola have it all – the good doctor *and* her Louboutins. With her father and brother vying for the same prize, her mother starring in her new *reality show*, and one heartbroken girlfriend about to declare motherhood, it's all on Lola to come up with the answers. And it's going to take more than one of her mother's prosperity chants to save the day.

From reader reviews:

John Dearman:

What do you think about book? It is just for students because they're still students or the idea for all people in the world, the actual best subject for that? Only you can be answered for that problem above. Every person has several personality and hobby for every single other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book Beneath a Starlet Sky. All type of book could you see on many resources. You can look for the internet resources or other social media.

James Boyett:

What do you with regards to book? It is not important along? Or just adding material when you want something to explain what you problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Everyone has many questions above. They must answer that question mainly because just their can do which. It said that about book. Book is familiar on every person. Yes, it is appropriate. Because start from on pre-school until university need this specific Beneath a Starlet Sky to read.

Gilbert Pellerin:

Information is provisions for anyone to get better life, information today can get by anyone from everywhere. The information can be a expertise or any news even an issue. What people must be consider whenever those information which is inside former life are hard to be find than now's taking seriously which one is acceptable to believe or which one often the resource are convinced. If you receive the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All of those possibilities will not happen with you if you take Beneath a Starlet Sky as the daily resource information.

Tamara Reams:

As we know that book is very important thing to add our information for everything. By a reserve we can know everything you want. A book is a range of written, printed, illustrated as well as blank sheet. Every year had been exactly added. This publication Beneath a Starlet Sky was filled about science. Spend your time to add your knowledge about your scientific disciplines competence. Some people has distinct feel when they reading the book. If you know how big advantage of a book, you can experience enjoy to read a guide. In the modern era like today, many ways to get book that you wanted.
