Completely revised for the new computerized CPA Exam

Published annually, this comprehensive, four-volume study guide for the Certified Public Accountants (CPA) Exam arms readers with detailed outlines and study guidelines, plus skill-building problems and solutions that help them to identify, focus, and master the specific topics that need the most work. Many of the practice questions are taken from previous exams, and care is taken to ensure that they cover all the information candidates need to pass the CPA Exam. Broken down into four volumes-Regulation, Auditing and Attestation, Financial Accounting and Reporting, and Business Environment and Concepts-these top CPA Exam review study guides worldwide provide:

- \* More than 2,700 practice questions
- \* Complete information on the new simulation questions
- \* A unique modular structure that divides content into self-contained study modules
- \* AICPA content requirements and three times as many examples as other study guides
