Creepy Crawlies and the Scientific Method: More Than 100 Hands-On Science Experiments for Children Sally Kneidel

From monarch butterflies to hissing cockroaches, *Creepy Crawlies and the Scientific Method*, Second Edition shows teachers and parents how to use bugs, insects and critters to teach children the five steps of the scientific method: question, hypothesis, methods, result, and conclusion. Focusing on fun as well as education, and operating on the premise that doing is learning, *Creepy Crawlies* offers more than 100 different activities which will ignite children's curiosity while also building foundations for critical thinking and scientific understanding. This classroom-tested collection of experiments is a perfect resource for teachers or just an afternoon of educational fun at home. The second edition includes updated content and four new insect species: the monarch butterfly, the black swallowtail butterfly, the bessbug, and the Madagascar hissing roach!
