Elementary & Intermediate Algebra Books a la Carte Edition Plus NEW MyMathLab with Pearson eText -- Access Card Package (3rd Edition) Michael Sullivan III, Katherine Struve, Janet Mazzarella
Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book.

The **Sullivan/Struve/Mazzarella Algebra program** is designed to motivate students to “do the math”—at home or in the lab—and supports a variety of learning environments. The text is known for its two-column example format that provides annotations to the left of the algebra. These annotations explain what the authors are about to do in each step (instead of what was just done), just as an instructor would do.

This Package Contains:
