Stimulated by Andrew Kirk's mission theology, this book brings fresh theological reflection to a wide range of mission issues. A formidable group of international missiologists are drawn together to explore current reflections on a wide range of issues including: poverty and injustice, environmentalism, secularism, the place of scripture in a pluralist culture, science and faith, liberation theology, oppression and reconciliation, and much more. Kirk's influence and reputation is international, and extends to South America, USA, Eastern Europe, Africa and SE Asia. Latin American mission has been especially enriched by Kirk's innovative thinking on revolutionary politics, contextualisation and holistic mission. This is an indispensable resource of up-to-date missiological reflections for all involved in mission at every level.
