The Cure for Alcoholism: The Medically Proven Way to Eliminate Alcohol Addiction Roy Eskapa

Finally, there is a cure for alcoholism. This is the first step.

Featuring new and updated information and studies, including an introduction by actress Claudia Christian, the second edition of *The Cure for Alcoholism* delivers exactly what millions of alcoholics and families of alcoholics have been hoping for: a painless, dignified, and medically proven cure for their addiction. Backed by 82 clinical trials and research that extends back to 1964, The Sinclair Method deploys an opiate-blocking medication in a very specific way—in combination with ongoing drinking—to extinguish the addictive “software” in the brain. The de-addiction process rolls back the addictive mechanism in the brain to its original pre-addicted state—*before* the first drink was consumed, making this program an actual cure for alcoholism.

Drs. Roy Eskapa and David Sinclair of The Sinclair Method have put together a sound scientific book that proves that with this particular method, alcoholism can be cured in more than 78 percent of patients. What’s more, the treatment avoids the dangerous withdrawal symptoms, allowing patients to detox gradually and safely while they are still drinking. This removes the need for expensive and unpleasant inpatient rehabilitation programs. Actual drinking levels and cravings automatically decrease until control over alcohol is restored. The bottom line is that patients can control their drinking or stop altogether with the simple yet powerful process outlined in *The Cure for Alcoholism*.

Including a new introduction by actress Claudia Christian about The Sinclair Method’s impact on her life, updated trial information, and a letter explaining the treatment that can be given to doctors by patients, *The Cure for Alcoholism* is a revolutionary book for anyone who wants to gain control over drinking.
