The Unlikely Settler Lipika Pelham

The Israeli-Palestinian conflict seen by an outsider who craves to make sense of herself, her marriage, and the city she lives in

The Unlikely Settler is none other than a young Bengali journalist who moves to Jerusalem with her English-Jewish husband and two children. He speaks Arabic and is an arch believer in the peace process; she leaves her career behind to follow his dream. Jerusalem propels Pelham into a world where freedom from tribal allegiance is a challenging prospect. From the school you choose for your children to the wine you buy, you take sides at every turn.

Pelham's complicated relationship with her husband, Leo, is as emotive as the city she lives in, as full of energy, pain, and contradictions. As she tries to navigate the complexities and absurdities of daily life in Jerusalem, often with hilarious results, Pelham achieves deep insights into the respective woes and guilt of her Palestinian and Israeli friends. Her intelligent analysis suggests a very different approach to a potential resolution of the conflict.
