La enfermedad y sus metáforas | El sida y sus metáforas (Spanish Edition) Susan Sontag

Este volumen reúne los ensayos, *La enfermedad y sus metáforas* y *El sida y sus metáforas*, que siguen ejerciendo una influencia enorme en la reflexión médica y en las vidas de miles de pacientes y cuidadores.

Susan Sontag escribió *La enfermedad y sus metáforas* en 1978, mientras se trataba de un cáncer. En el libro quiso demostrar cómo los mitos acerca de algunas enfermedades, en especial del cáncer, añaden más dolor al sufrimiento de los pacientes y a menudo los cohiben en la búsqueda de tratamiento adecuado.

Casi una década después, con la irrupción de una nueva enfermedad estigmatizada y transida de incertidumbres y «fantasías punitivas», Sontag escribió *El sida y sus metáforas*, extendiendo los argumentos del libro anterior a la pandemia de sida.

Reseña:

«Un ensayo luminoso.»

Cristina Peri Rossi
