## **Doctor Sleep (An Evergreen book)** Madison Smartt Bell

Madison Smartt Bell is one of the most versatile and gifted authors of his generation, a literary stylist with few peers. Doctor Sleep, one of his best novels, is a taut and satisfying psychological thriller planned to be released as a major motion picture under the title Hypnotic. Adrian Strother is a hypnotherapist who, paradoxically, can't get to sleep. He plies his trade in a depressed section of London, doing the occasional job for Scotland Yard, which brings him into contact with an unsavory drug trafficker. As little girls become the target of a serial killer, Adrian treads the line between tortured wakefulness and surreal sleep, and the gifts of his insomnia are called upon to unlock the secrets of a man who believes he has discovered the key to immortality. Part spiritual pilgrimage, part thriller, Doctor Sleep is witty, menacing, and deeply satisfying, a bravura performance by one of today's finest writers.
