Freedom. You Can Handle It. But hurry! Gary L. Henderson

The United States has been moving away from Constitutional government for a hundred years, and now appears to be on the brink of a headlong rush into socialism. The American Dream is about to evaporate. What can be done? "Freedom... You Can Handle It" sketches that dream, reviews the Constitution, describes various ways that founding document has been violated and ignored, and encourages the states to take their proper role in protecting their citizens from a rogue federal government. Sprinkled with quotations from the founders, it is especially written for those recently arrived in America and those who missed the basics of freedom in their educational journey.
