**The Lives of the Jain Elders (Oxford World's Classics)** Hemacandra

*The Lives of the Jain Elders* is the standard synthesis of source material for the early history of Jainism by the great twelfth-century Jain scholar-monk, Hemacandra, also a key figure in the wider context of Sanskrit literature. Abounding in memorable characters, and providing a rich compendium of Indian folk-tale, *The Lives of the Jain Elders* offers fascinating insight into the social life of medieval India. This new translation makes the complete work available for the first time in a European language and is complemented by a full introduction illuminating Jain belief and history.
