The Wildlife-friendly Garden Michael Chinery

Full of helpful expert advice and many practical projects, this ebook edition of the successful hardback is a fascinating illustrated guide to encouraging wildlife into your garden, whether you live in the town or the country.

Our gardens have become an important nature conservation area for animals, insects and plants, especially as many natural habitats are being destroyed. With the help of this practical and inspiring book, you can create not only a fascinating miniature nature reserve but also an attractive garden.

Contents include:

- The Garden Habitat – introducing wildlife-friendly features
- Garden Mammals – attracting, feeding and caring for mammals
- Garden Birds – the variety of birds you can attract to your garden and tips on how to care for them
- Garden Amphibians and Reptiles – encouraging these species and their role as pest destroyers

Projects and special features include:

- Creating a wildflower meadow or wildlife pond
- Looking after injured, baby and hibernating hedgehogs
- Making a bat roost or bat box, and siting it
- Making a compost heap

This popular title will inspire adults and children to transform their garden into a wildlife-friendly haven.

From reader reviews:

Elsie Port:

As people who live in often the modest era should be upgrade about what going on or data even knowledge to make these keep up with the era that is always change and move ahead. Some of you maybe may update themselves by reading books. It is a good choice for you personally but the problems coming to you is you don't know what one you should start with. This The Wildlife-friendly Garden is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Sanjuana Day:

Reading a publication can be one of a lot of exercise that everyone in the world likes. Do you like reading book and so. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new data. When you read a publication you will get new information because book is one of a number of ways to share the information or their idea. Second, looking at a book will make you more imaginative. When you studying a book especially fictional book the author will bring you to definitely imagine the story how the characters do it anything. Third, you could share your knowledge to other individuals. When you read this The Wildlife-friendly Garden, it is possible to tells your family, friends and also soon about yours e-book. Your knowledge can inspire others, make them reading a guide.

Phyllis Wilder:

Playing with family in a park, coming to see the sea world or hanging out with friends is thing that usually you have done when you have spare time, after that why you don't try matter that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The Wildlife-friendly Garden, you can enjoy both. It is great combination right, you still want to miss it? What kind of hang type is it? Oh come on its mind hangout fellas. What? Still don't get it, oh come on its known as reading friends.

Thomas Gonzalez:

Some people said that they feel uninterested when they reading a guide. They are directly felt the item when they get a half elements of the book. You can choose the particular book The Wildlife-friendly Garden to make your current reading is interesting. Your personal skill of reading skill is developing when you just like reading. Try to choose very simple book to make you enjoy to see it and mingle the opinion about book and looking at especially. It is to be initial opinion for you to like to open a book and go through it. Beside that the guide The Wildlife-friendly Garden can to be your friend when you're truly feel alone and confuse with the information must you're doing of the time.
